

### Fairest of the Fair.

In an emotion-filled acceptance of the crown and her new duties, Teresa expressed her thanks to the fair board for the opportunity to represent the county in the state contest set for January in Milwaukee. She also offered her thanks to her family and friends for urging her to take part in the program and promised her audience to do her best to promote the fair and Green County.

Appropriately she ended her first official statement to fairgoers by saying, "Welcome to the fair," a phrase that no doubt will become her watchwords over the next few days.
