

# Female fair director not women's lib, she just plain loves the fair!

**READY FOR THE CROWDS** — Mrs. Rita Baker surveys her domain as amphitheater superintendent of the 123rd Green County Fair which will begin drawing crowds today and continue through Sunday, at the Monroe fairgrounds. The first women Fair Board director in the fair association's history, she is the mother of six children. The grandstand, rebuilt only two years ago after being destroyed by high winds, will seat more than 2,500 persons.
